

Building Excellence

Concelex was founded in 1994 as a private, family-owned General Contractor.

Based in Bucharest, Romania, the company provides fully integrated construction services for both public institutional and private clients. Concelex operates countrywide as well as in EU countries such as Germany and Austria.

With a consolidated growth strategy and a strong focus on work ethics and innovation, Concelex complies with all moral standards organically aligned with laws and regulations and also supports the regional community through a series of CSR programmes. As the first and only carbon-neutral general contractor in Romania, Concelex has proven itself to be responsibility-oriented across all areas of activity, having made significant investments in educating the human factor.

As a General Contractor,
Concelex has successfully
delivered projects across its
many areas of expertise,
including:

Buildings Civil Engineering Infrastructure Energy

Another element that makes
the company stand out is its
ability to dynamically carry out
highly specialised projects,
bringing a high level of
innovation to the table.

Together, all these attributes
place Concelex on a rock-solid
foundation of values and
principles, allowing it to reliably
and efficiently deliver each
project.

Years of experience

Management

Concelex is managed by a steering committee which is responsible for both obtaining financial turnover and creating an efficient, competitive organization. With a result-oriented organizational culture, the company's philosophy is based on respect, responsibility, and commitment to sustainable development.

Daniel Piturlea

[President & CEO]

A construction engineer with 34 years of experience in the industry, Mr. Pițurlea founded Concelex in 1994, guiding and developing the company across its 27 years of operation based on the motto "Building Excellence".

So far, under his leadership, Concelex has successfully completed projects in a wide range of sectors, including buildings, infrastructure, energy, and civil engineering.

Radu Piturlea

[Vice-President]

A graduate of the Academy of Economic Studies in Bucharest, Radu founded a company specialized in the recovery of rubber waste yielding petroleum fuels, the only company in Romania authorized to perform such operations. Four years later, he sold the business to one of the largest waste management companies, generating substantial returns. At Concelex, Radu's efforts are focused on business development and growth, consolidating the company's results, and securing the company's role as a top player on the Romanian construction market.

Catalin Visan

[Executive Director]

Catalin has been working at Concelex for over 15 years and has held several roles within the company, in the production area, providing project management and commercial support. After having worked as Site Manager, Production Director, and head of the Tender Department, Catalin Visan was appointed Executive Director and charged with coordinating the company's entire operational activity. He is a graduate of the School of Civil, Industrial and Agricultural Constructions within the Technical University of Constructions in Bucharest.

Bianca Vișan

[Chief Financial Officer]

With a Master's Degree in Economics and over 20 years of experience in the economic field, Bianca Vișan has been leading the financial department of Concelex since 2004. She manages and oversees the development of the company's entire financial-accounting activity and is also in charge of liaising with financial institutions and state authorities, responsibly and efficiently maintaining the integrity of the company's assets.

Claudiu Dragan

[Production Director]

With vast professional experience in the construction sector, Mr. Dragan held several management positions prior to joining Concelex. He coordinated a series of municipal works as well as the construction of treatment plants and production halls. One of the most notable of these projects was executed at the Mihail Kogalniceanu US Military base, playing an essential role in the rehabilitation of aircraft parking platforms and access ramps to the airport runway. At Concelex, Mr. Dragan manages the entire production activity, coordinating and supervising all construction sites.

Gina Iordan

[Human Resources Director]

Though she graduated from a technical university, Gina immediately discovered a calling for HR management she went on to work in this field for almost 15 years, at a number of communications and logistics companies.

Upon joining the Concelex team, Gina's attention fell on the key needs of our employees, their integration into the organizational culture, and the company's structure. She is equally active in the implementation of the Professional Development Programme for Concelex employees.

Notable Projects

- ▲ Public Projects
- ▲ Residential
- ▲ Energy

Steaua Stadium

Bucharest

Public projects

A legendary stadium turns into a modern arena dedicated to the Steaua football team, winners of the 1986 UEFA Champions League. The project is a joint venture with 2 other leading construction firms. With a capacity of up to 32,000 seats, covered grandstands, and annexes for a wide range of functions, the Steaua Arena will become an architectural landmark of Bucharest. The total built area exceeds 80,000 sqm.

Completed

Giulesti Stadium

Bucharest

Public projects

The stadium's has a 14,050-seat capacity and it features covered grandstands and several annex spaces accommodating all necessary functions.

In progress

Swimming Pool & Sports Hall Gymnasium School no.190

Bucharest

Public projects

A semi-Olympic swimming pool with several technical annexes ensuring optimal functioning: changing rooms, showers, toilets, trainer's room, technical spaces, sports equipment storage rooms, as well as grandstands for the public. The sports hall is equipped with high-performance equipment that meets top safety standards.

Completed

National Institute of Materials Physics

Magurele

Public projects

Completed in 2015

Educational units:

Schools and kindergartens

Public projects

As General Contractor, Concelex has built, upgraded, consolidated, and rehabilitated multiple public schools, through works worth approximately EUR 33 million, carried out in several districts of Bucharest as well as in other Romanian cities.

Waste water treatment plants

Sf. Gheorghe & Slatina

Public projects

Completed in 2012

Thermal rehabilitation of apartment buildings

Bucharest

Public projects

By 2020, Concelex had built approximately 1.2 million sqm of thermal-insulated façades for apartment buildings in Bucharest.

Advanced Center for Medical and Pharmaceutical Research

Targu Mures

Public projects

Completed in 2015

Arbo Residence

Mogosoia

Residential

Residential buildings with 1,041 apartments and a built area of around 100,000 square meters.

In progress

Parcului 20 Residential Complex

Bucharest

Residential

485 apartments in two UG +
GF + 11-floor buildings

- 1st phase: **completed**
- 2nd phase: **in progress**

Orhideea Gardens Complex

Bucharest

Residential

The project comprises residential buildings and a hospitality building with leisure facilities. The residential complex includes 5 apartment buildings, 2 underground levels and 12 above-ground floors, totalling 375 apartments and 408 parking spaces.

The hospitality building features hotel rooms and leisure facilities like a swimming pool and a spa. Concelex was not only the General Contractor of this project; it also operates the hotel and leisure facilities. Overall built area: 60,200 sqm.

Completed

Colina Lac

Saftica

Residential

Premium lake houses – first development phase, consists of 112 units, currently under development on a 3 ha plot.

The residential compound will be developed in phases and will include over 400 houses when complete.

In progress

Cuza99

Bucharest

Residential

Completed project

Cooling Tower Repairs

CE Oltenia

Completed

Nuclearelectrica

Cernavoda

Highly sensitive work for the national nuclear company.

Execution of intermediary burnt fuel deposit.

In progress

Severin Power Plant

Severin

Heavy repairs for Turbo-aggregate Halls Section 2.

Concelex developed the only new hyperbolic cooling tower to be built in Romania in the last 30 years.

Works included the rebuilding, brushing, joinery, and architecture of the electrolysis station.

Completed

Maritimo Mall

Constanta

Retail

The largest shopping mall in Constanta, **finalized in 2011**.

Billa Warehouse

Ploiesti

➤ Retail

20,000-square meter
refrigerated storage facility.

Completed

Billa Retail Network

Nationwide

Concelex built **32 of the 85 BILLA hypermarkets** in Romania.

Orthodox Cathedral

Munich, Germany

Munich Orthodox
Settlement – a 2,600-sqm
project centred on the
Munich Orthodox Cathedral.

Completed

Orthodox Church

Vienna, Austria

Cultural

Vienna's third Orthodox church. Project is **completed**.
